**B(郑州市外国语学校月考卷)**

Hello, friends!

My name is Susan, I'm twelve years old and I live in Alton, UK. I would like to talk about my future ideas. When I grow up, I want to be a vet(兽医), because I like animals. I have two cats, one dog and some fish at home. They are very cute. My favorite TV show is about nature. I often go to the zoo with my parents. There's a museum of nature near my home. I go there every weekend.

When I leave school, I think I'll go to university and learn how to look after animals. Later I think I'll work at a zoo.

I don't want to get married(结婚) too soon, so I think I'll wait until I'm thirty. I don't want to be rich or famous, but I want to be happy. I hope he will be a friendly and handsome man. I hope I'll have two lovely girls, too.

I think that the world will be hardly the same. Most of us will probably drive electric(电动的) cars and there will be very smart robots in our life. I think I'll live in a big city.

I think life will be easier and people will live longer. We'll care more about nature and animals.

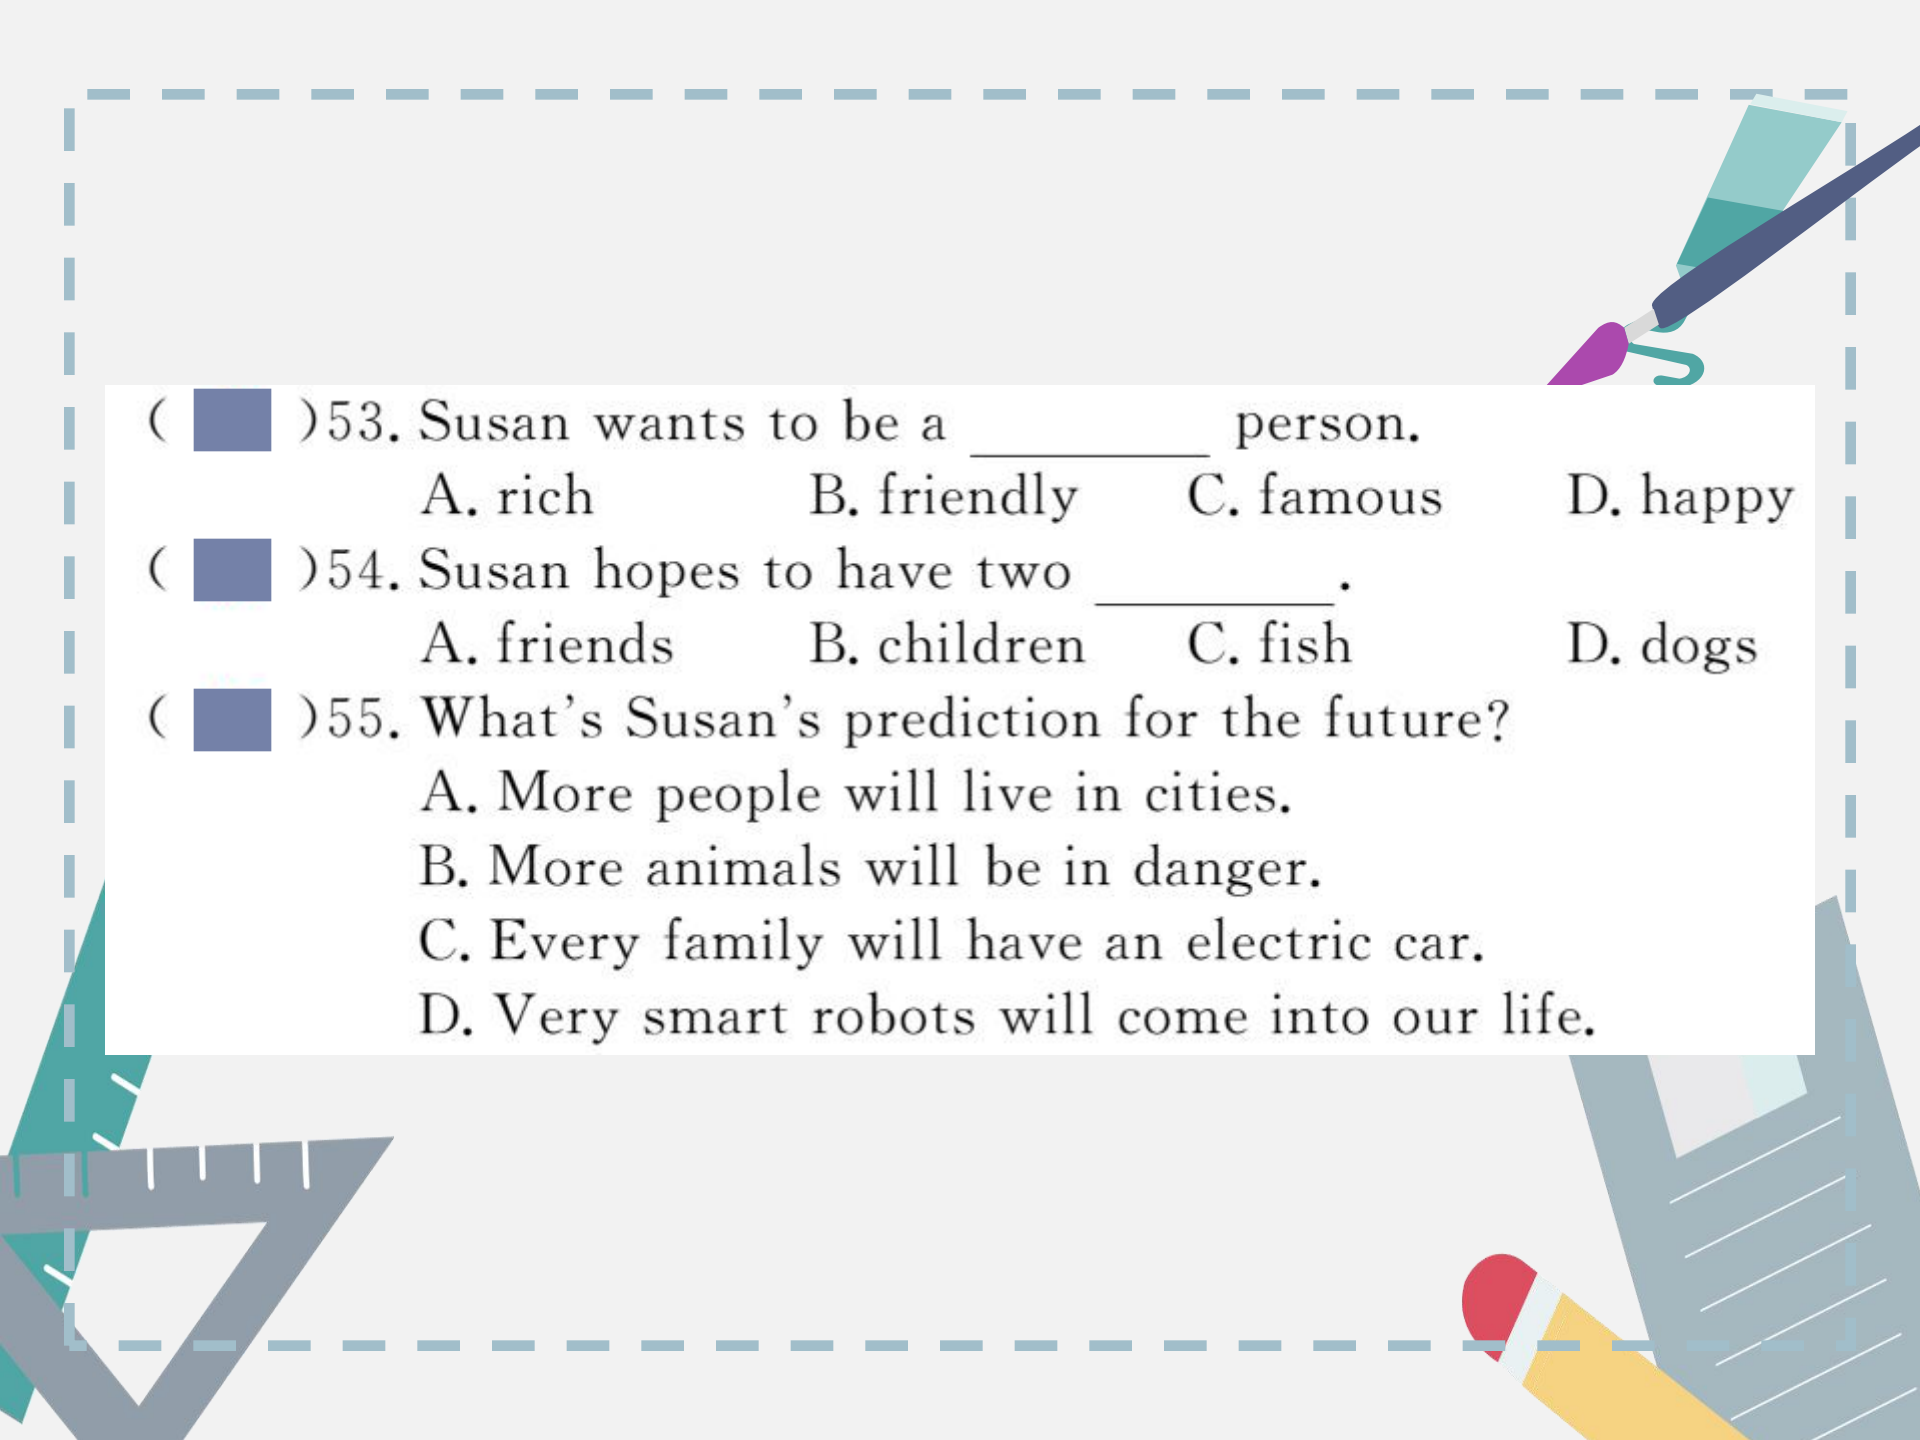

What about you? What are your plans and predictions for the future?

(  )51. What does Susan do every weekend?

- A. She goes to the zoo.
- B. She walks her pets.
- C. She watches nature shows.
- D. She visits the museum of nature.

根据短文内容,将方框中所给的五个句子分别填入文中空缺处,使内容完整、正确。

Many people believe that, by the year 2100, we will live on the planet—Mars(火星). Here is what life could be like.

First of all, transport should be much better. By 2100, space-ships can travel at half the speed of light. 56.

Secondly, humans need food, water and air to live. Scientists should be able to find plants that can grow on Mars. These plants will provide us with food and air.

57.  We could easily jump too high and fly slowly away into space. To prevent this, humans on Mars have to wear special shoes to make themselves heavier.

Life on Mars will be better in many ways. 58.      It is possible to live in a large building with many bedrooms. Then, robots will do most of the work, so we have more time for hobbies.

59.      Every student can study, do their homework on the computer and take exams in online schools. Each student will also have their own online teacher called “e-teacher”.

However, in some ways, life on Mars may not be better than that on the earth today. 60.      Meals will probably be in the shape of pills(药片) and will not be as delicious as they are today. Also, space travel will make many people feel ill.

- A. *There will probably be no school on Mars.*
- B. *It might take us two or three days to get to Mars.*
- C. *There is a problem for us to live on Mars.*
- D. *Food will not be the same.*
