

## 第2课时 减法

kàn suàn shì xiān huá qù zài tián kòng  
1. 看算式, 先划去○, 再填空。

○○○○○

○○○○

○○○○○

○○○

$5 - 1 = \square$

$4 - 2 = \square$

$5 - 3 = \square$

$3 - 2 = \square$

wǒ huì suàn jiǎn fǎ  
2. 我会算减法。

$4 - 3 =$

$5 - 4 =$

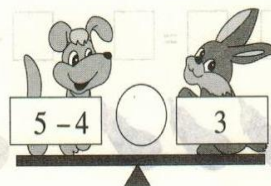

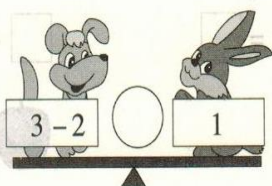

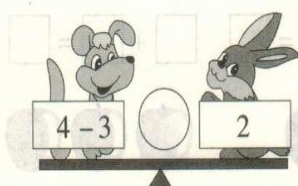

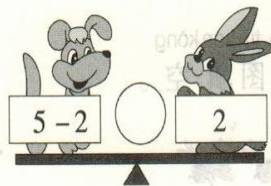

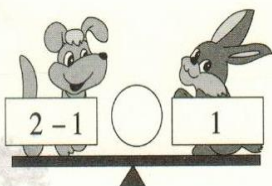

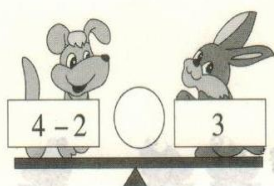

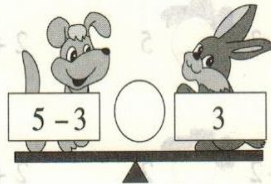

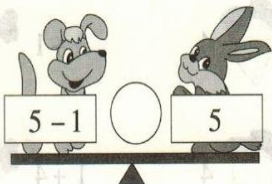

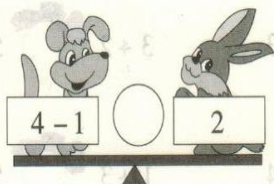

$2 - 1 =$

$3 - 1 =$

$5 - 2 =$

$4 - 1 =$

zài lǐ tián huò  
3. 在○里填 >、< 或 =。

zài kuò hào lǐ tián shàng hé shì de shù  
4. 在括号里填上合适的数。

如果 = 1, = 2, = 3, = 4, 那么:

$\text{strawberry} - \text{pear} = ( \quad )$

$\text{orange} - \text{apple} = ( \quad )$

$( \quad ) = ( \quad ) + ( \quad )$

$\text{orange} - \text{pear} = ( \quad )$

$\text{strawberry} - \text{apple} = ( \quad )$

$( \quad ) = ( \quad ) + ( \quad )$
